

# Welcome Back!

Class of 2021

# Think Opportunities

As you await your GCE N-Level results,  
there are some possibilities:

- You are happy that your results meet your expectations,
- You are overjoyed that your results exceed your expectations, or
- You are worried/upset because your results fall short of your expectations.

*Many pathways and opportunities!*

Remember that **everyone's learning journey is different**  
**but we can each have a fulfilling outcome!**

# Having difficult emotions during a stressful and uncertain period is normal.

Keep a lookout for some of these signs in your peers or yourself.

# Supporting Your Friend

We may each experience different emotions upon receiving the results. You can share your friends' joy by congratulating them or give words of encouragement to friends who may be disappointed with their results.

**Keep a lookout for your friends in distress. You can support them in the following ways:**

**Calm them down**

"Are you ok? Calm down, take a few deep breaths."

**Hear them out**

"I am here to listen to you." or "I am here for you."

**Empathise with them**

"It sounds like you are disappointed." or "It seems like this is a difficult time for you."

**Encourage seeking help**

"Thanks for sharing. Why don't we speak with a trusted adult who can help?"

**Refer your friend to a trusted adult**

"Let's talk to our teacher or our School Counsellor so they can better support you. Do share your feelings with your parents/guardians too. Would you like me to accompany you?"

*Keen competition for Nitec and Higher Nitec courses, so use all 12 choices wisely!*

Participation in Main Phase is key to secure a place in ITE!

If you are keen in the work & learn option, you may consider applying for the ITE Traineeship programme. Do apply in the Main Phase to avoid missing a place in ITE!

If you are unsuccessful in EAE, make sure you apply in Main Phase to avoid missing a place!

# For Students Planning for Private Education

# 8 Things You Should Know Before You Enrol in A Private School

## School Registration

Ensure the school is registered with CPE. Review the school's registration period, expiry date and its overall registration track record.

## Partner Institution

Research on the partner institution conferring the diploma or degree, and whether the qualification is recognised by the industry.

## EduTrust Certification Scheme

Is the school EduTrust-certified\*? Under the scheme, private schools are assessed for their performance in areas such as school management and provision of student support services.

\*Schools are required to obtain EduTrust certification in order to offer external degree programmes

## School Premises

Head down to the campus ground to check the facilities and support services. Observe the study environment too.

## Fee Protection

Ask if there is any course fee protection so that you will be able to recover unconsumed course fees should the school close down.

## Beyond Course fees

Find out about the course syllabus and materials, graduation rates and employment prospects. Approach the alumni to find out what they think of the school.

## Teachers

Check if the teachers are qualified to teach the course.

## Internship

If industry attachment is included, find out which organisation you will be attached to, the period of attachment and the alternative arrangement should the attachment become unavailable. Verify the information with the organisation as well.

# **REMINDER**

**Students who are applying for private education or ITE via alternative channels (appeals etc) are to keep your FTs updated on the status of your application and send us the confirmation letters as soon as possible.**

**This is important as it will affect the printing of your School Graduation certificates.**
