## **4 Assembly Periods**

The Assembly Period is a platform for the school to instil sound values and attitudes in our girls. There will also be programmes to raise their awareness of the Arts. Speakers and invited guests from school and St John's Chapel will also share on values from a biblical perspective at some of the Assembly sessions. Parents who wish to find out more about the Assembly programme may contact the Head of Character and Citizenship Education, Mrs Foo Kar Hiang, at [lee\\_kar\\_hiang@moe.edu.sg](mailto:lee_kar_hiang@moe.edu.sg).

## **5 ART ELECTIVE PROGRAMME (AEP) AND ENHANCED MUSIC PROGRAMME (EMP)**

### **5.1 Art Elective Programme (AEP)**

The secondary-level AEP is a 4-year curriculum programme which aims to develop students with interest, potential and passion to pursue an in-depth study of art and design. Students who are selected and admitted into the secondary-level AEP are expected to commit to the programme for 4 years. They will need to attend all lessons and enrichment activities offered at the National Junior College (AEP Centre for students from non-AEP schools). They will attend these lessons in lieu of Lower Secondary Art lessons at their own schools. Selection and withdrawal from the AEP are strictly subject to the approval of the MOE Arts Education Branch.

AEP students may take AEP in place of lower secondary Design & Technology (D&T) and Food & Consumer Education (FCE) lessons to manage their curriculum time and learning load. Hence, they will not be eligible to offer Nutrition and Food Science (NFS) at the upper secondary level. Note that SMS(S) currently does not offer D&T at the upper secondary level.

More information can be found on the website: <https://moe.gov.sg/aep>

The AEP Centre Selection Exercise Information Package will be sent via Parents Gateway (PG) by **Monday, 22 December 2025**. Should you need further clarification you may email Ms Karen Tan @ [tan\\_meng\\_sie\\_karen@schools.gov.sg](mailto:tan_meng_sie_karen@schools.gov.sg).

### **5.2 Enhanced Music Programme (EMP)**

The EMP is offered at St. Margaret's School (Secondary) and application is open to Secondary 2 students who have interest, musical potential and talent.

At Secondary 1, students who are interested in the EMP should put in effort in developing their musical abilities which need not be through private music lessons or certification by external music examination boards. For many students, this can be through active participation in the lower secondary music curriculum and Music co-curricular activities (CCA), where they learn to:

- Make connections to music concepts when listening to music
- Perform by singing or playing an instrument fluently
- Create or arrange songs/music

The Enhanced Music Programme (EMP) is a 2-year programme at the upper secondary level that leads to the Singapore-Cambridge SEC G3 Music or G3 Higher Music examination. More information can be found on the website: <https://www.moe.gov.sg/education-in-sg/our-programmes/emp-sec>

## Co-Curricular Activities (CCA) & CCA Fair

### **1 CO-CURRICULAR ACTIVITIES (CCA)**

CCA is an integral part of our education system and serves as a platform for students' character development. It is compulsory for all students in our school to take up ONE CCA.

All Sec 1 students will go through the CCA Registration Experience in Term 1 to have a better understanding of the CCAs available in school. We believe that with an increased awareness of the requirements and developmental opportunities offered by each CCA, students can select and commit themselves to a suitable CCA of interest, which would enrich their secondary school experience.

At the end of the graduating year, the student's co-curricular attainment will be recognised and translated to bonus point(s) which may be used for admission to institutes of higher learning.

HBL Days have become an integral part of secondary school life since its introduction in 2021.

Students stay at home to engage in self-directed learning according to the timetable of the day, and one student-initiated learning (SIL) where students are given a choice in researching topics of interest or picking up new skills beyond the school curriculum.

Information on the learning tasks for each HBL Day can be found on their respective subject's Google Classrooms. By planning and monitoring their learning for the day, students are given the opportunity to develop self-directedness in learning.

One of the components of the NDLP is the introduction of the Personalised Digital Learning Programme (PDLP) whereby every secondary school student will own a school prescribed Personal Learning Device (PLD).

All Sec 1 students are required to purchase a school prescribed PLD to support their learning throughout their secondary school education. Singapore citizens may utilise their **Edusave** to purchase their PLD.

Information on the procurement of the PLDs will be shared with parents via an announcement on Parents Gateway by Term 1 Week 2. School will also provide more information on the role of parents and students on good practices on the use of PLD for productivity and learning.

The students are expected to receive their PLDs by Term 2 Week 1.
